Eglinton Park

ARECA is pleased to announce that, as a result of its concern about park safety, a Safety Audit was conducted earlier this month in Eglinton Park. In attendance were representatives from City Forestry, Parks and Recreation, 53 Division Police, ARECA and the local Councillor. It was agreed that walkways lighting would be repaired; a handrail installed at the steps at the south west entrance from Eglinton Avenue; trees and shrub removed from close to steps and walkways and graffiti removed from the wooden steps leading down from Oriole Parkway. ARECA can also report that holes in the park that have been dug by dogs are to be filled in. Previously, ARECA brought unsafe conditions in the park to the attention of park staff and trees enclosing the main stair leading from Oriole Parkway were cut back.
